DEWA GEDE ARI BRAHMANTA S

Young, talented person and eager to learn are the correct words to describe one of our guide at **ARMA Museum**. That is Dewa Gede Ari Brahmanta S or commonly called Dewa Ari. As a Balinese artist, he choosed to work in Ubud to improve his skills.

He said, "Ubud is a village that rich in arts and cultures and also well known over the world. Many tourists come to Ubud to experience cultural tourism, such as to see the Balinese performance or to follow some cultural workshops. In **ARMA**, I met many great artists and learned a lot from them. Be a guide is a challenge for me to understand what the visitors looking for on their arts and cultures experience, and it makes me excited! For information, I also perform as a *Jauk Manis* or *Bondres* in the *Barong* and *Keris* dance performance at **ARMA open stage** every Friday at 7 pm. Let's preserve Balinese arts and cultures together!"
