THE EXHIBITION OF PAINTINGS, "LELAKU"

According to Javanese mystical traditions, *lelaku* is a way of becoming a more perfect human being through the practice of non-doing or what might be called fasting.

In the context of this exhibition, all of these artists are dedicated to perfecting their craft through diligent practice. By repeatedly practicing finding something to express, repeatedly channeling their inspiration into a particular medium, repeatedly creating lines, compositions, shapes, shading colors, repeatedly going through the technical steps needed to create an artwork, until the gap between the outer world and the inner world, or the gap between their vision and the final artwork, is diminished as much as possible, these artists are not only *pelaku* (one who does) but also engaged in a kind of *lelaku*. However, perfect artwork is simply one that is created through tireless practice or *lelaku*.

The exhibition by Artists: Nur Ilham, Nyoman Wijaya, Ngurah Darma, I Wayan Suarmadi, Nadya Lesnaya, I Made Sutarjaya, I Wayan Merta, Nadya Korotaeva, I Wayan Januariawan (Donal) and Tatiana Efimova. (text quoted from <https://www.facebook.com/events/2345246915710952/>)
